“ I was ten when this happened. They day my Paw Paw died, i talked to him on the phone. He was sick for about a month. I nearly teared up just talking to him. He sounded fine like nothing was wrong, the next day was a school day and i was curious why i didn't go, mom and dad were in the living room on the couch and had a sad look on their face. I knew something was wrong so i stood there. They told me my Paw Paw passed away. It felt like everything in me stopped, i was in shock. I cried the whole day nonstop. But the best memory was when he told me he loved me. Then we hung up. He was the best Paw Paw ive ever had

“ This was my Great Uncle and I have many fond memories of spending time with him and my grandparents when I was young. He was always a very special man and I will never forget him. He holds a very special place in my heart forever.
