“ I would like to extend our deepest condolences. Nilah was our dad's favorite aunt. He talked about her all the time and kept in contact with her throughout his life.

Sincerest Sympathy,

“ To my family - I am so sorry I cannot be there to lend support and share memories. You all have a very special place in my heart, as did Aunt Nilah. My thoughts of her are the happy times we shared. Time spent at her home; her travels to Michigan to visit us; the times we went to Florida and Georgia with her; her washing or perming my hair in her shop; the peace I always felt in her home and in her presence. Plus, always her laughter and love.

With much love,

Terri
